

**DETAILED ACTION**

***Response to Amendment***

1. The reply filed on May 30, 2008 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s):

a. The current copy of the claims (filed May 30, 2008) does not match the previous copy of the claims (filed January 30, 2008). There are portions that have been modified (e.g., added or deleted), without an indication (i.e., additions, ~~deletions~~) of such amendment to the claims. As an example, claim 80 contains new subject matter that has not been underlined: “wherein said spinal implant is rotatably coupled with said elongate member **and is rotatable relative to said elongate member about said longitudinal axis to align said second transverse dimension along said select height of the intervertebral space to provide controlled compression of said spinal fusion implant**” (see last five lines). This does not comply with 37 CFR 1.121.

b. The Applicant is respectfully requested to review all of the claims for (potential) similar problems.

2. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
